The Daily Standard.

Wednesday, October 19, 1870.

The new Constitution has disfranchised quite a number of British subjects-men of years, experience, and property, in different sections of the Colony. Among NEW STORE the number we find Germans, Chinese, and French Canadians. The former are usually well enough educated in the German language to read and write ; but in some cases, are not able to read GOVERNMENT & FORT STREET. English. Now, after having become British subjects, it appears a little too hard to disfranchise them, without a day's warning. The Chinese, too, are in a similar predicament; but popular sympathy being against them, the new franchise will not be deemed injudicious, so far as they are concerned. Where the new Franchise is most harsh in its operation is in respect to Canadian French This class of our population are native-born British subjects. In Lower Canada they can do public business in the French. language,—and also in the Dominion Parliament. Hence, to make it imperative that they shall read English, or not be allowed to vote, is doing violence to their rights as British subjects. If it were to read French or English, it would not be so bad. Or if notice had been given that no one would be allowed to vote, after a certain date, who could not read; then there would have been more reason about the matter. On general principles, we hold that a moral and educa-tional qualification, with residence, is the best that can be fixed; and that in English countries, the English tongue ought to be the political language. But a sudden departure from old estab lished usage, without discussion or noti-lished usage, without discussion or notifranchise will, no doubt, do good ulti-mately. At present, it will disfranchise some who are really good citizens.

Mr. Carey's Address.

Councillor Carey has announced himself as a candidate for Legislative honors. His address appears elsewhere. If the SILVERWARE electors of Victoria consider that his views are correct, and that he will be the right man in the right place, Councillor Carey professes to be willing to serve them. Now, whatever opinion the electors may entertain, we have but one opinion about his address. It is this : We endorse all the principles in it except that on the terminus of the Railway. We want no uncertain sound on that question; and Swinging, Hand, Chambers and Kitchen Lamps. Also all the latest improved Patent Mr. Carey has given a very uncertain Lamps. found practicable to make Victoria the ne of the Railway, I would use effort to secure that desirable Now a gentleman who offers himself as a candidate to represent Vice toria City, professing ignorance as to whether it is a suitable place for the terminus,-or who questions whether it is practicable to make this city the ter-minus of the Railway, is scarcely in a position to represent those who think as we do. No resident conversant with the geography of the Colony would for one moment doubt the advisability of putting the terminus here; and to throw a doubt on the thing being practicable is to betray either ignorance or a design to hide the real views of the candidate. When Mr. Carey shall have revised his opinion on the terminus,—and shall have an-nounced his intention to vote for the terminus to be made here, we will con-sider whether he is an available candidate. Till then we shall not feel disposed to encourage the electors to support even so liberal-minded a gentleman as he is. The stake is too heavy for the electors to trifle with their votes; and we hope that they will be cautious enough to vote for no man who will not pledge himself to vote for Victoria being made the terminus at any and all hazards.

Postal Contract.

Some anxiety is expressed to know who is to get the contract for carrying the mails to and from New Westminster to Cariboo. This is quite natural; for the delay in announcing the fortunate contractor is enough to cause a tremor among those who have tendered, or who are indirectly interested in the award of the contract. The first of October was the last day for the tenders to be entered. But here is nearly the last of the month, and yet there is no response from the oracle. It puzzles us to know what need there is of delay in a matter of this kind. Public sentiment expects that the award will be given to the lowest tender. provided that the securities required justify in their respective liabilities. In a state of peace, under ordinary circumstances, there is no excuse whatever for delay in announcing such awards. Hence, we cannot account for delay in this case. It is true that the delay brings the government under suspicion of jobbery; but it is its own fault;—For if it really wished to avoid such an inference, would have awarded the tender to the lowest bidder who had entered compe-

To the Electors of the District of Victoria City.

GENTLEMEN,—At the request of a large number of electors I offer myself as one of your representatives in the next Legislative Council, where our political destiny is to be chosen. At such a crisis in our history, it is specially important that you should elect members who will faithfully and fearlessly represent your wishes. The following is a brief outline of the views which I am prepared to advocate.

Confederation with the Dominion of Canada is a policy upon which we all agree; and I am in favor of accepting the terms, as a whole, as agreed upon by our delegates with the Dominion Government.

I recommend the immediate acceptance of the Canadian Tariff. believing it to be mate-

rially in the interests of the people of the Colony.

If it should be found practicable to make Victoria the terminus of the Railway, I would use every effort to secure that desirable end and, if necessary, advocate a special conces-

which can satisfy a free people; and I shall support its immediate adoption.

As to the very important and interesting

uestion of education, I believe it to be the duty, as well as the interest of the State to provide for the education of its children, and hat non-sectarian schools adequate to the urpose ought to be established and mainsined, and an efficient staff of teachers paid, by the Government out of the general revenue of the country.

A tax upon unimproved lands shall have

my warmest support.

A supply of wholesome water for the city is urgently required; and I will support any practical measure to secure it. My interests are identical with yours. I

earnestly desire to see this city, and the mag-nificent country of which it is the capital, prosperous and progressive; and if you elect ne as one of your members, I will use my best exertions to secure that result. I intend to take an early opportunity of personally explaining to you my political

views, and am, gentlemen, Your obedient servant,

Directions for Using Robinson's Magic Scap for doing a Large Family Washing in Two Hours, of Five or Siz Dozen Pieces. Hours, of Five or Siz Dozen Pieces.

1. Cut up fine a bar of the Soap, and put one-half of it into your boiler with sufficient water to cover well your white clothes to be washed, and let the Soap dissolve; then put your clothes in, stirring them, and let the man to be sold; then pour out clothes and water into a tub and let them soak twenty or thity minutes, stirring them round in the tub occasionally to loosen the dirt. Such articles as collars, wristlands er any ar icle very dirty, should be rubbed through the hands a little while soaking in order to thoroughly loosen the dirt before boiling.

2. While your clothes are soaking put the other half of your cut Soap into your boiler, with sufficient clean where to boil, and let it be heating. After your clothes have soaked wring them out well and put into your boil-

blue and hang out to dry. If the above directions are followed, we will guarantee your clothes clean and water you souked and boil your white clothes with, only heating it up again, and pour it over your colored and woollen clothes, and let sook the same as your white clothes, also rubbing them through your hands while sooking, if very dirty. Then rinse in clear water, warm a your hands will bear, and you will thus accomplish a large washing in two hours.

By cutting up a bar of this Soap into two gallons water, and let boil until thoroughly dissolved, and then level to cool, you will have two gallons of beautiful SOFT SOAP, as good as Common Soap for general house purposes.

Wines, Liquors, Ales and Cigars of the Best Qualities GLASSWARE. paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, nxet door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffied the skull of three first-class American physicians. Latterly bronshitis attacked my right lung, and my cyes became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit him and find relief.
